

## **St. Paul's CE Junior School**

### **Bad Weather Procedure**

We endeavour to remain open during snowy periods. Many of our members of staff live within walking distance of the school and so we are able to operate with the correct level of adult supervision in most cases. However if it is deemed unsafe to open the school the following procedure is applied:-

The Head teacher will close the school having taken advice from members of staff who live near by. This decision will be made by 7am. Radio Cumbria will be notified as will Cumbria County Council and North West Evening Mail.

Parents can log on to the Cumbria County Council Website : [www.cumbria.gov.uk/school\\_closures](http://www.cumbria.gov.uk/school_closures) to check our status, or listen in to Cumbria Radio or check the North West Evening mail website.
